

PREMIER SERIES Water Softeners

Ensure the highest quality water for your home efficiently, effectively and effortlessly

- Enjoy brilliantly simple, non-electric operation for unparalleled reliability and peace of mind
- Protect water-using appliances, fixtures, plumbing, glassware and clothing from stains and scale buildup
- Save time and money by using less detergents and soaps, yet enjoy a cleaner home
- Say good-bye to brittle hair and dry skin

Product Highlights

Non-Electric Operation: Moving water powers these systems, not electricity, so operation is simple and reliable. There are no timers or computers to set, adjust, repair or replace.

Works on Demand: Systems meter water use and regenerate based on actual usage. You won't waste water or salt, yet you'll always have clean, soft water whenever you need it.

High Flow Rate: Systems keep up with the water needs of demanding households and are perfectly suited for larger plumbing in many homes.

Soft Water, Countercurrent Regeneration: You'll enjoy the benefits of improved system efficiency and water quality thanks to Kineticco's superior regeneration process.

Twin Tank System: One tank is always in service, even during regeneration, for an unlimited supply of clean, soft water.

Efficient Hardness Removal: Get the water you want in your home without sacrificing savings and convenience.

Effective Iron Removal: Removes soluble iron* from water.
*Depends on type and concentration of iron and other water conditions.

Efficient Performance: Uses less water and salt than other systems for remarkable savings.

Platinum 10 Year Limited Warranty: Enjoy years of dependability and peace of mind with one of the most comprehensive warranties in the industry.

Model Shown: 2060s
